**PRESS RELEASE**

August 11, 2022

After careful consideration, I have decided to finish out my term as President of the San Dieguito Union High School District through the end of the year and not seek re-election. Being able to fully support my family, especially my 101-year-old mother-in-law, and step away from politics is the right decision for us in this season of our lives. It has been the honor of my life to serve North County families for well over a decade on the Encinitas Union and San Dieguito Union High School District Boards. I only know one way to serve in elected office, which is to give 110%, and I cannot make that commitment with another term. My guiding principles have been to educate to the highest standards, prepare all students for the college or profession of their choice, and keep our schools safe and open. Thank you so much to my district for having faith in my public service and allowing me to implement these principles during my time in office. I'm not going anywhere and look forward to staying involved in other capacities to help young people realize their full potential.

In gratitude,

Mo Muir
